

Montreal, October 10, 2008

To the Residents of the Municipality of Les Cèdres,

**Subject: Les Cèdres Intermodal Complex – CPTAQ Preliminary Orientation**

Last spring, Canadian Pacific (CP) submitted a request for approval to the Commission de protection des terres agricoles du Québec for the purchase and use of land for other than agricultural purposes, including the former Soulanges Industries site, in order to carry out its intermodal complex project.

We would like to inform you that the CPTAQ issued its preliminary orientation on October 2, indicating that CP's application should be authorized, on certain conditions. You can consult this document on our website at [www.cplescedres.ca](http://www.cplescedres.ca), at our information bureau located at 1000 Chemin du Fleuve, Wednesdays from 1 p.m to 8 p.m., and at Les Cèdres city hall. You can also obtain additional information by calling CPTAQ at 450-442-7100. The file number is 356808.

If you have any questions about CP's application or any other aspect of our project, please contact us any time at 450-452-2462 or e-mail us at [info@cplescedres.ca](mailto:info@cplescedres.ca).

Yours very truly,

Denyse Nepveu  
Director, Communications and Public Affairs, Canadian Pacific
